• Dogs less than 4 months of age are ineligible to be on the grounds of licensed or member shows during AKC events.
• Dogs that are owned or co-owned by a professional handler may compete in this class, but must be handled by a non-professional handler. Professional handlers are defined as any person who belongs or has belonged to a professional handlers’ organization, distributed rate cards, or otherwise advertised or represented themselves as handling dogs for pay within the last five years. Dogs may not be exhibited by current assistants and household members of a professional handler.
• Exhibitors should open their dog’s mouth for examination. If the judge finds it necessary to open the mouth they should disinfect their hands prior to examining other dogs.
• Male puppies without 2 fully descended testicles need not be disqualified or excused but the judge’s book must describe the condition and Certificate of Merit points must be withheld.
• Dogs with breed standard disqualifications should not be excused but may not receive placements. However, dogs with age related disqualifications such as color (as related to age), height, teeth etc. are permitted to receive awards in the 4-6 Month Beginner Puppy classes.
• Dogs must be excused for attacking a person or other dogs.
• No dog is to be judged if it is brought into the ring bandaged, taped, glued or stitched anywhere including ears or tail. These dogs must be excused from judging but, at the judge’s discretion, may return to be judged after the tape or bandage is removed. Dealing with Misconduct will be applicable to any person and dog entered at this competition. All applicable rules found in Rules Applying to Dog Shows will govern the conduct of this competition unless these regulations state otherwise.

BRVI
Born out of a desire to better serve our breeder and handler friends, BRVI offers the highest quality veterinary, digital radiography with the convenience of a mobile unit. Using the very latest DR radiography technology, images are acquired within seconds of exposure allowing BRVI to provide OFA certification radiographs onsite at dog shows and field trials. With the staff’s use of fear-free techniques and in the presence of their owner/handlers, dogs do not require sedatives or anesthesia to go through the process. Capturing images while muscle tone is present and therefore less laxity in the joints may increase odds of more favorable interpretations.

NATHAN CRADDOCK, DVM
A South Carolina native, Nate studied animal science at Clemson University before pursuing his veterinary degree from The University of Georgia. He has been serving the Clemson community for over 20 years at TigerTown Animal Hospital. During that time, he has been privileged to have developed strong relationships with local dog breeders and kennel clubs. Nate is a member of Rotary International and is a Boy Scout leader. He enjoys sports and outdoor activities with his family which also includes three dogs - Rallye, a Boykin Spaniel, and Pippa and Bella, both Cavalier King Charles Spaniels.

Seminar to be conducted in-conjunction with Junior Showmanship Judging
My novel Fuzzy Brown Dog was published on August 2, 2018 on Amazon. It’s an authentic story about a present day Veterinarian during her first year of practice as an intern at a large multi-specialty practice in Indiana. One review states “this story is not only about veterinary medicine and animals but also about the maturing of a young woman,” and another says it’s “a great storyline with lots of plot twists and subplots.”

I graduated from Purdue’s College of Veterinary Medicine in 1977, practiced in New York for a year, and then returned to Indiana to work in a small practice in Fort Wayne. Over time that small practice grew into a multi-specialty and 24/7 emergency hospital! I always wrote fantasy stories as a hobby, but after I retired I wanted to write an entertaining novel about Veterinary Medicine that also explained to pet owners why we do and say the things we do!
